Hack
Saw
\$15.00

Installation Instructions for Sealeze Pest Control Door Sweep

Step 1 – Measure.

Installation Instructions for Sealeze Pest Control Door Sweep

Step 2 - Cut aluminum holder with a hacksaw.

Tip: A miter box will help make straight cuts

Installation Instructions for Sealeze Pest Control Door Sweep

Step 3 - Cut the brush with bolt cutters.

Tip: Bolt cutters or pliers must be used to cut the brush in order to “pinch” off the ends. This will prevent the filaments from coming out.

Step 4 - Pry the holder open slightly to allow easy insertion of the brush.

Installation Instructions for Sealeze Pest Control Door Sweep

Step 5 - After inserting the brush, peen the ends of the holder closed.

Installation Instructions for Sealeze Pest Control Door Sweep

Step 6 - Apply to door using the provided self drilling screws.

Note: A
“touch” fit
is enough
for a
perfect
seal.
