Head (Goblet) Staple Set Brush
Worksheet [R. 02.2015]

Contact Name: ___________________________________________

Company Name: __________________________________________

Phone: __________________________________________________

Fax: ______________________________________________________

Email: ____________________________________________________

BODY:

Material:  □ HDPE □ Polypropylene □ Wood □ Other _____________

A. Bore diameter: _______  B. Outer diameter: _______  C. Length: _______

A1. Bore depth: ___________  RC. Core radius: ______________

Set screw required?  □ Yes  □ No

BRUSH PATTERN:

D. Distance between block edge and center of 1st tuft: _______

E. Length of brush face area: _______________________________

Size of hole (tuft diameter):

□ .118 in/3.0mm  □ .157 in/4.0mm  □ .217 in/5.5mm

□ .256 in/6.5mm  □ .315 in/8.0mm

Face Density:  □ Heavy □ Medium □ Light

Hole Pattern:  □ Straight □ Staggered

Number of rows (WxL) : _____________ x _____________

FILAMENT/TRIM:

G. Filament trim height: _____  H. Brush OD: _____  I. Total overall length: _____

RT. Trim radius: _______  Filament diameter: _______  Color: _______

Filament Shape:  □ Level □ Crimped

---- level ----

ıyor crimped

Specifications

Quantity to release per order: _____

Are there drawings or samples available for reference?  □ Yes  □ No

APPLICATION - Please be sure to identify any special factors that should be considered such as FDA approved material, temperature, moisture, chemical exposure, etc:
